KEPA 제라®

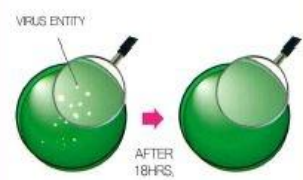

MULTI-FUNCTIONAL BLINDS FOR HEALTHY ENVIRONMENT ! ATB-UV+

A future generation of antibacterial textile, ATB-UV+ is a cutting-edge textile which provides healthy environment by anti-bacterial functionality of 99.9% by silver.

Recently, toxicity of silver nano powder has been reported through the mass-media.

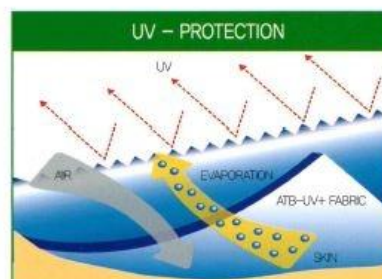

To provide a better understanding to customers who use the ATB-UV+ product, we show the relative information as following.

ANTIBACTERIAL TEST

Superior antibacterial performance

- ATB-UV+ has excellent anti-bacterial effect because it contains silver component with excellent antibacterial properties.
- Unlike the products that are treated after processing, the silver component imposed into the yarn by special technique performs an excellent anti-bacterial effects even after washing several times.
- ATB-UV+ uses silver component approved by FDA.
- ATB-UV prevents the unpleasant smell by suppressing the growth of microbe.

UV Protection

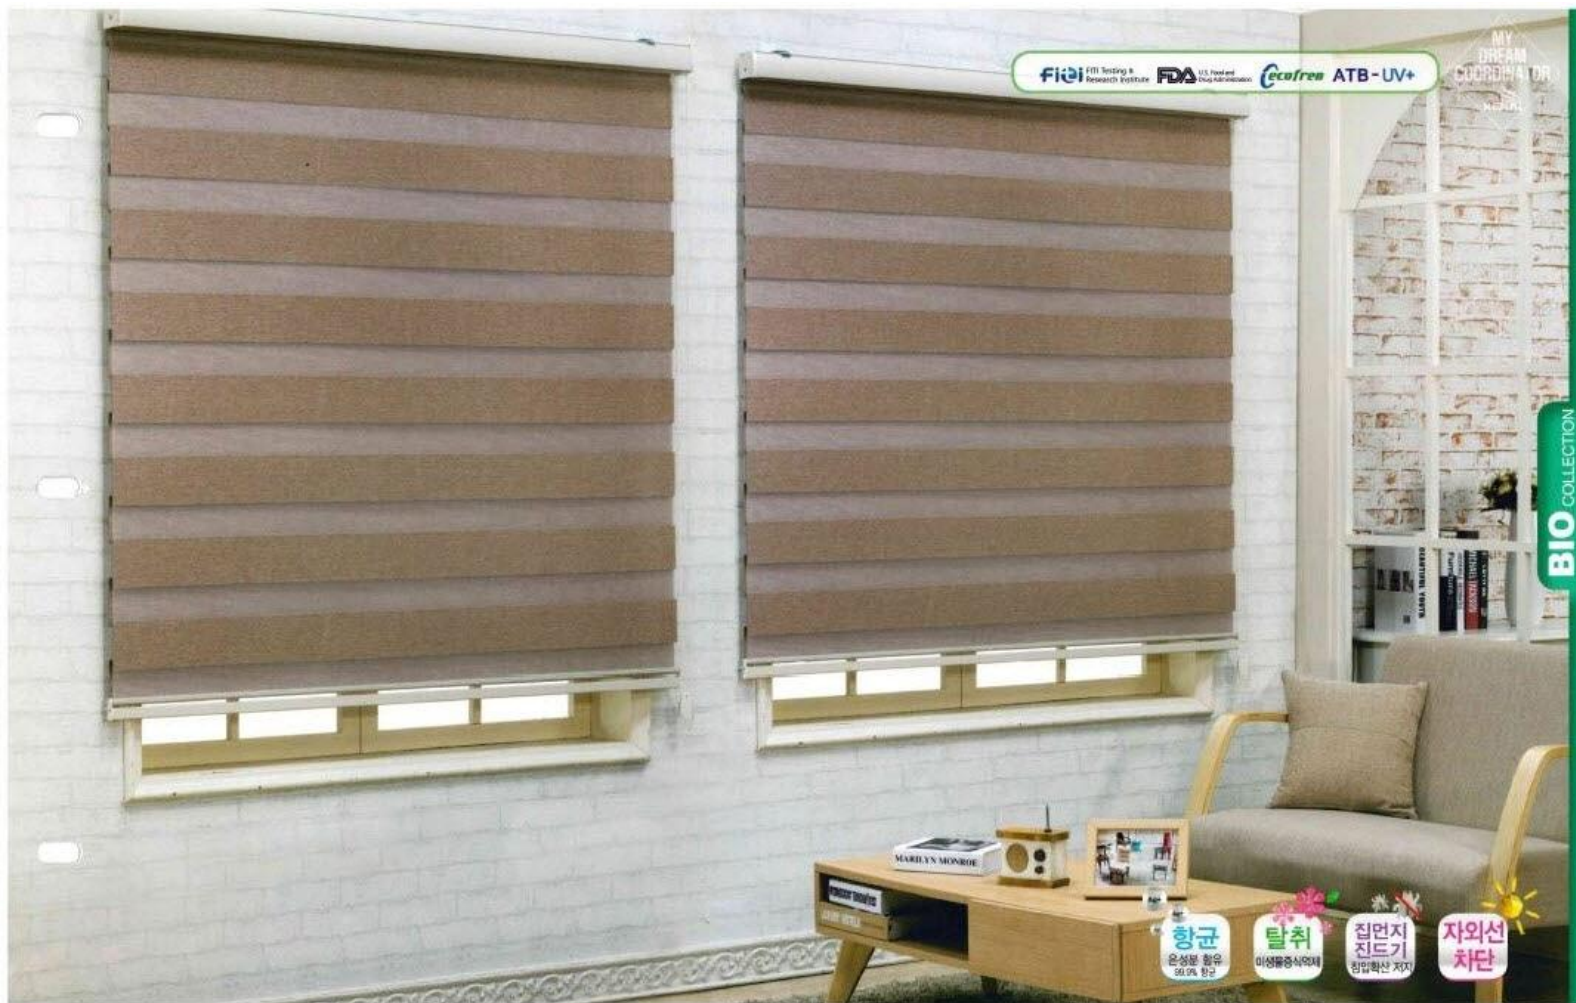

- It blocks both UV-A(280~300nm) and UV-B(320~400nm), which can reach deeper into skin.

Blocking and Preventing of harmful substance, Deodorization, Anti-bacteria Effect

Safety of antibacterial agent used in ATB-UV

- ATB-UV uses only US FDA-approved safe materials.
- Antibacterial function of ATB-UV does not decrease or disappear during use.
- Silver substances does not release out of the anti-bacterial material used in ATB-UV.
- No possibility that the anti-bacterial substance is inhaled.
- ATB-UV is safe because it uses approved functional materials.
- The silver anti-bacterial used in ATB-UV is different from silver nano powder.

My Dream Coordinator | *Sweet Magic*

스위트 매직은 단조로운 공간에 깊이감을 더해주는
일체감 있는 패턴으로 한층더 아늑하고
우아한 실내분위기를 연출할 수 있다.

*The Sweet Magic plays an elegant interior
atmosphere due to its pattern with three-
dimensional sense that adds the depth perception.*
